

# BlueNotes

**Bluenotes is a chamber jazz duo and yet much more: Heike Nürnberg's deep alto and her lyrics harmonize perfectly with the cool jazz, soul, pop of BlueNotes. Oli Klammt's baritone is full of soul. And there is not only the live piano Klammts. He is an experienced producer with his own 5.1 studio, has mastered about the albums of the Kinderzimmer-Productions. And he also packs his compositions for Blue Notes just as tastefully, plays the arrangements and Instruments for the duo all by hand and then brings them on stage as background tracks. A band from one source and live an experience. Or: small cast - huge sound**
